Esteban Interiors' new showroom is a fully furnished urban apartment and office over Vetro on Kettner Boulevard. Climb the stairs to see designer Esteban Lopez' blend of reinvented vintage and new custom furniture, in real settings.

Dining room is papered in Donghia's grasscloth. A cluster of Scandinavian and Italian vintage glass (below) adorns a 1970s table of reclaimed barn wood and metal. Custom tufted banquette with nail-head trim is by Esteban.
