To Whom It May Concern:

J Public Relations is an award-winning, hospitality, public relations, social media and digital communications firm serving both coasts. We have worked with Esteban Interiors for multiple interior design projects throughout our offices in San Diego, Los Angeles, and New York City since 2013. Currently, J. Public Relations is undergoing an update to the brand and has charged Esteban Interiors with the tenant improvements for all of the J. Public Relations offices.

Esteban Interiors has been successful in all aspects of the design process and has far exceeded our expectations in creativity, communication, and execution. From the beginning Esteban and James are professional and always show attention to detail with regard to design, budget, and the follow-through process. They are always open to any suggestions or input provided and find ways to incorporate them into the final design. J. Public Relations is a growing company. Esteban Interiors has shown their ability to create a floor plan design that reflects our brand identity, is incredibly chic and modern, and is able to flex in order to accommodate our growing needs and infrastructure without the need for a full redesign.

Additionally, I have worked with Esteban Interiors on the complete interior design project for my personal home in the Historic Electra building in Downtown San Diego. The result was a beautiful showcase condominium that I am extremely happy to call home. It is edgy and modern, yet classic and timeless. The design was featured in the 2015 September issue of Modern Luxury San Diego.

Esteban Interiors is a premier Interior Design Firm and they have proven time and time again why they are one of the most sought after design firms in Southern California. Their continued accolades and awards come as no surprise. As the founder of J. Public Relations, I would highly recommend Esteban Interiors and will continue to use Esteban Interiors for any future design projects personally and professionally.
