With every project they undertake, they strive to deliver a product of the very highest quality. The firm has been featured in numerous magazines, including Modern Luxury Interiors, Best of La Jolla Magazine, and San Diego Home/Garden. They were also voted “Best of La Jolla” in the 2016 Readers Poll for Interior Design in the La Jolla Light Newspaper.

## FEATURED PROJECTS

Among the firm’s most beautiful designs is a timeless apartment in the El Cortez complex in San Diego. The space is an amalgamation of beautiful design and color that excites the senses and pleases the eye. The rich tones of gold and coral play off of each other in what makes for a warm and luxurious interior. The firm has cleverly incorporated the client’s choice of eclectic art into the design to perfectly complete the space with a unique and personal touch.

Another of the firm’s designs is dubbed “Casa de Manana,” in La Jolla, California. The interior here includes bold color choices, an oversized intricate mirror, metallic light fixtures, and a textured geometric red sofa that wows the eye. The space is a conversation with color and shape that is exciting and unique.
